EVA ABRAMOVNA TSEIRUL (cf. 21530, 11:02 am), calling from Dallas, told F. F. SOLOMATIN that Immigration Service in Dallas is not satisfied with the "to whom it may concern" certificate which he had sent her in lieu of her passport, which must be re-validated. SOLOMATIN was very angry with this information, and said that they were mistaken. He asked her for the telephone number of the I & N. S. there, but she said just Immigration Service, Dallas. She reminded him that she was on parole until July 30, and said that she wanted to go back by boat from Houston. He said the Embassy could help her to get reservations and a British transit visa, but that she would have to depart via New York. He said he would write her with all the details she would need to know, and that the passport would be returned to her as soon as it was validated. He also said he'd straighten out the other matter with I. & N. S. In Russian dc
